

EVX-CNP-66 IP66 Weatherproof Cancel Button

- Compact Design
- BS8300 "Acknowledge" Feature
- High volume sounder
- Blue "Halo"
- Flush or surface mounting
- Braille enhanced Cancel Button
- Stainless Steel as standard

The EVX-CNP-66 is a IP66 Weatherproof Cancel button used to cancel an alarm situation. The cancel button is finished in brushed stainless steel with a blue indicator for visual identification of activation. It is fully compatible with our EVX and Assist Call WC Alarm (EVX-ACA) equipment range.

For simplicity, all wiring is standard two core cables. The rear enclosure offers Five 20mm cable entries at the top, bottom, and side, with cable entry for the rear via a cut-out. A maximum number of two cancel plates on one dedicated line when wired to an EVX panel or Assist Call WC Alarm (EVX-ACA).

PLEASE NOTE: If wired to a Type B outstation, only one cancel button is allowed.
