

ASPIRATING DESIGN GUIDE DISCLAIMER

Any recommendation provided by Protec Fire & Security Group Ltd is merely an indication of the system design considered to be good practice to provide the most suitable solution to meet the needs of the common application environments described.

In some cases the recommendations or system design provided may not suit the unique set of conditions experienced in a particular application environment. Protec Fire & Security Group Ltd has no knowledge of nor has undertaken any survey or inspection of any particular conditions of any particular site, installation or environment to meet any particular application. Any design undertaken or recommendation provided are based upon the information provided by the Client and is carried out in good faith. In the event of the Client failing to provide Protec Fire & Security Group Ltd with all details necessary to provide an accurate design Protec Fire & Security Group Ltd shall incur no responsibility or penalty for any failure associated with or arising from any design produced nor shall Protec Fire & Security Group Ltd be liable for any damages arising whether in contract or tort. Furthermore, Protec Fire & Security Group Ltd is unable to provide any warranty as to the suitability or performance of any such recommendation in respect of the system design outlined herein. Protec Fire & Security Group Ltd has not assessed the recommendation on system design for compliance with any local codes or local standards that may apply nor have any tests been conducted to assess the suitability (or otherwise) of any recommendations or system design provided by Protec Fire & Security Group Ltd.

Any person or organization accessing or using a recommendation or system design should, at its own cost and expense, procure that any such recommendation or system design complies in all respects with the provision of all legislation, Acts of Parliament, regulations, rules and by-laws for the time being in force and all orders or directions which may be made or given by any statutory or any other competent authority in respect of or affecting the recommendation or system design in any jurisdiction in which it may be implemented.

Protec Fire & Security Group Ltd systems/products must only be installed, configured and used strictly in accordance with Protec Fire & Security Group Ltd's General Terms and Conditions of Sale, User Manuals and product documents available from Protec Fire & Security Group Ltd. Protec Fire & Security Group Ltd accepts no liability for the performance of the recommendation or system design or for any products utilised in the implementation of the recommendation or system design, other than as detailed within Protec Fire & Security Group Ltd's General Terms and Conditions of Sale, Use, manual and product information documents.

No statement of fact, drawing or representation made by Protec Fire & Security Group Ltd either in this document or orally in relation to this recommendation or system design is to be construed as a misrepresentation, undertaking or warranty.

Protec Fire & Security Group Ltd excludes any liability for all direct, indirect and consequential damages however arising to the maximum extent permitted by law. For the purposes of this clause, consequential damages shall include, but not be limited to, loss of profit or goodwill or similar financial loss or any payment made or due to any third party.

Recommendations on system design are provided exclusively to assist in the design of systems using Protec Fire & Security Group Ltd products. No portion of this recommendation or system design can be reproduced without prior approval in writing from Protec Fire & Security Group Ltd. Copyright and any associated intellectual property rights in any such recommendation or system design or documentation remains the property of Protec Fire & Security Group Ltd.
