The Sub-Contract Works, materials, tools, plant, scaffolding machinery and buildings of the Sub-Contractor, the subject of or used in connection with the Sub-Contract whether on site or not, shall in every respect be at the Sub-Contractor's risk except for those risks for which the Sub-contractor is expressly not responsible under the terms of this Sub-Contract.

13. INSURANCE REQUIREMENTS

- 13.1. The Sub-Contractor shall provide the insurance set out in this clause 13, unless varied in writing by a Director of the Contractor.
- 13.2. The Sub-Contractor shall provide insurance cover to a minimum level of that stated within the Sub-Contract Order, for:
- 13.2.1. all risks insurance, employer's liability insurance and public liability insurance from the date of commencement of the Sub-Contract Works up to and including the expiry of any defects liability period under the Principal Contract or the date of issue of the Notice of Completion of Making Good under the Principal Contract (whichever the later); and
 - 13.2.2. professional indemnity insurance (or, where specified in the Sub-Contract Order or otherwise agreed by the Contractor in writing, product liability insurance) from the date of commencement of the Sub-Contract Works for the duration of the limitation period under this Sub-Contract.
- 13.3. The insurance held or taken out under clause 13.2 shall be:
- 13.3.1. with insurers of good repute carrying on business in the United Kingdom
 - 13.3.2. on customary and usual terms and conditions prevailing for the time being in the insurance market, provided that the Contractor and the Principal Contractor shall benefit from indemnity to principals provisions;
 - 13.3.3. on terms that would not adversely affect the rights of any person to recover from the insurers under the Third Parties (Rights against Insurers) Act 2010 as amended by the Insurance Act 2015 and the Third Parties (Rights against Insurers) Regulations 2016.
- 13.4. If the insurance referred to in clause 13.2 ceases to be available at reasonable commercial rates or on reasonable commercial terms, the Sub-Contractor shall immediately inform the Contractor so that the Sub-Contractor and the Contractor can discuss how best to protect the respective positions of the Contractor and the Sub-Contractor regarding the Sub-Contract Works, the Project and the site. The Sub-Contractor shall fully co-operate with any measures requested by the Contractor in relation to taking out and maintaining alternative insurance. Any increased or additional premium required by insurers because of the Sub-Contractor's claims record or other acts, omissions, matters or things particular to the Sub-Contractor shall be deemed to be within reasonable commercial rates.
- 13.5. Sub-Contractor shall provide the Contractor on demand the policies of any insurance effected in accordance with this or any other clause in the Sub-Contract together with any receipt for payment of premiums. If the Sub-Contractor fails to produce any such policy and/or receipt on demand, then the Contractor shall be entitled to arrange such insurance as necessary and deduct the total value of the premium paid and any other cost associated with arranging such insurance from any monies due or becoming due to the Sub-Contractor, or may recover the same as a debt from the Sub-Contractor.
- 13.6. It is a condition precedent to payment being made to the Sub-Contractor that the Sub-Contractor provides the documentation required under this clause 14 within 7 days of the Contractor's request to do so.

14. SUSPENSION OR DETERMINATION OF SUB-CONTRACTOR'S EMPLOYMENT

- 14.1. The Contractor may terminate this Sub-Contract at any time for any reason by giving the Sub-Contractor 5 Working Days' written notice. Termination shall take effect on the expiry of 5 Working Days after the notice given under this clause 14.1, or on such later date as that notice may specify, and the terms of clause 15 shall apply.
- 14.2. The Contractor may at any time instruct the Sub-Contractor to suspend the performance of all or part of the Sub-Contract Works or its other obligations under this Sub-Contract by giving the Sub-Contractor not less than 5 Working Days' written notice. Subject to clause 15.5, the Sub-Contractor shall resume the performance of the Sub-Contract Works as soon as reasonably practicable after receiving notice from the Contractor to do so.
- 14.3. The Contractor may, without prejudice to clause 14.1 and any other of its right or remedies, determine the Sub-Contractor's employment under the Sub-Contract in respect of the whole or any portion of the Sub-Contract Works, by giving notice in writing to the Sub-Contractor, should the Sub-Contractor:

- 14.3.1. after 7 days' notice in writing from the Contractor, fail to act upon any instruction issued by the Contractor or proceed diligently with the Sub-Contract Works or any part thereof, or fail to carry out the Sub-Contract Works to the reasonable satisfaction of the Contractor, Contract Manager or the employer's agent or project manager employed in connection with the Principal Contract, or fail to carry out the Sub-Contract Works in such a manner as will, in the opinion of the Contractor, prejudice the completion of the whole or any part of the Sub-Contract Works under the Sub-Contract or Work to be performed under the Principal Contract;
- 14.3.2. fail to comply with any of his obligations under the Sub-Contract within 7 days after receiving notice in writing from the Contractor to do so;
- 14.3.3. fail, forthwith upon notice from the Contractor, to commence remedial work or to correct any defective workmanship and/or materials or fail to proceed with the same with due diligence and to complete such remedial work to the satisfaction of the Contractor or the or the Contract Manager, or employer's agent or project manager employed in connection with the Principal Contract, and within such period as the Contractor may specify or, in the absence of any specified period, within a reasonable time that shall not prejudice the satisfactory completion of the Sub-Contract Works under the Sub-Contract or Principal Contract;
- 14.3.4. fail to complete and deliver the whole or any part of the Sub-Contract Works by the times specified by the Contractor or by such extended time or times which may be allowed by Contractor under the Principal Contract;
- 14.3.5. fail to withdraw immediately, at the request of the Contractor, any one or more of the Sub-Contractor's employees or agents to whom the Contractor reasonably objects or whose presence on the Project may contravene the Conditions of the Sub-Contract or the Principal Contract; or
- 14.3.6. fail to comply with clause 2.10.
- 14.4. The Contractor retains the right to determine the Sub-Contractor's employment with immediate effect by giving written notice if the Sub-Contractor makes an arrangement with his creditors, has a bankruptcy order made against him, executes a bill of sale or commits any act of bankruptcy, or if the Sub-Contractor is a company, the ownership of the shares or the identity of the principal directors changes, the Sub-Contractor becomes Insolvent, a resolution is proposed or made to wind up, winding up or administration proceedings are begun, or an administrative or other receiver is appointed.
- 14.5. Subject to the terms of any collateral warranty provided in accordance with this Sub-Contract, if the employment of the Contractor is determined under the Principal Contract (or Principal Contractor's employment under the Main Contract) the employment of the Sub-Contractor under this Sub-Contract shall thereupon also automatically determine and the Contractor or the person acting for the Contractor shall immediately so inform the Sub-Contractor.

15. PROVISIONS IN CASE OF SUSPENSION OR DETERMINATION

- 15.1. Should the Sub-Contractor's employment be determined in accordance with clause 14 or clause 31 (corruption), the Sub-Contractor shall not be entitled to any further payment until completion of the Works has been achieved by the Contractor or by others on its behalf.
- 15.2. No further payments shall be made to the Sub-Contractor until the Works are fully completed and the final payment notice has been issued by the Contractor. Notwithstanding any other provision of this Sub-Contract, the Sub-Contractor shall only be entitled to payment for parts of the Sub-Contract Works it carried out prior to the date of determination, together with reimbursement of any sums reasonably incurred and paid by the Sub-Contractor to third parties in anticipation of continuing and completing the Sub-Contract Works, provided the Sub-Contractor was legally obliged to pay such sums and could not have cancelled, recovered, avoided or mitigated them. Any losses, expenses or damages suffered, or which may be suffered, by the Contractor by reason of the determination of the Sub-Contractor's employment and/or in relation to completion of the Works will be deducted from any sums payable to the Sub-Contractor pursuant to this clause 15.2.
- 15.3. Notwithstanding any other provision of this Sub-Contract, in the event the Sub-Contractor's employment is determined, the Sub-Contractor's sole entitlement to further payment shall arise under clause 15.2 and the Contractor shall have no liability to the Sub-Contractor for any claim, remuneration, payment or compensation of any kind whatsoever including any claim for loss of fees, loss of profit, loss of contribution, loss of overhead, loss of expectation, loss of opportunity or any other economic, direct, indirect and/or consequential loss or damage, or claim based upon *quantum meruit* or unjust enrichment.

- 15.4. For the purposes of completing the Sub-Contract Works the Contractor shall have free use of the Sub-Contractor's accommodation, plant, materials, and/or any other items which the Contractor may (in its discretion) consider necessary or essential to complete the Sub-Contract Works. The Sub-Contractor will remove from the site at his own expense, any items which the Contractor does not require within 7 days of written notice by the Contractor to that effect. Should the Sub-Contractor fail to respond or act upon the Contractor's instruction, then the Contractor shall be entitled to remove and sell such items, provided that the net proceeds of sale (after deduction of the costs thereof) shall be credited to the account of the Sub-Contractor in calculating any sums due under the Sub-Contract.
- 15.5. In the event of suspension of the Sub-Contract Works in accordance with clause 14.2, the Contractor shall pay the Sub-Contractor any instalments of the Sub-Contract Sum properly due to the Sub-Contractor at the date of the suspension, together with a fair and reasonable proportion of the next instalment of the Sub-Contract Sum commensurate with the Sub-Contract Works properly performed at the date of suspension, and such payment shall be the Sub-Contractor's sole compensation for suspension of any or all of the Sub-Contract Works and its other obligations under this Sub-Contract and shall be applied for and paid as if it were a payment subject to the terms of clause 16. If, following a suspension, the Sub-Contract Works are resumed in accordance with clause 14.2, any payment made under this clause 15.5 shall rank as payment on account towards payment to be made to the Sub-Contractor under this Sub-Contract.

16. PAYMENT

- 16.1. The Sub-Contractor shall issue his interim application for payment to the Contractor in accordance with this clause 16 and in accordance with the Sub-Contract order and those Numbered Documents.
- 16.2. Where the Sub-Contract period identified in the Sub-Contract Order is greater than 45 days, interim or stage payments shall be due to the Sub-Contractor from the Contractor. Payment shall be made in the manner set out in clauses 16.3 to 16.16;
- 16.3. The Sub-Contractor shall issue his interim application for payment to the Contractor on the dates or at the intervals set out within the Sub-Contract Order (the "Payment Application Dates"). In the event that no Payment Application Dates are included in the Sub-Contract Order, the first application shall be due for receipt by the Contractor's head office accounts department no later than on the last Friday of the month (or, if that day is not a Working Day, the next following Working Day) following commencement on site and subsequent applications shall be due for receipt by the Contractor's head office accounts department no later than on the last Friday of each of the following months (or, if that day is not a Working Day, the next following Working Day) up to practical completion of the Sub-Contract Works. For the avoidance of doubt, receipt of the Sub-Contractor's fully substantiated interim application by the relevant Payment Application Date or as set out in this clause 16, is a condition precedent to payment of that application being processed by the Contractor for that month. Any application received (or substantiated) after these dates will be processed in accordance with the relevant Payment Application Date for the next following month. The amount of each interim application shall be calculated in accordance with the rates specified within the Sub-Contract Order and each interim application shall be valued up to and including the Payment Application Date.
- 16.4. The due date for payment shall be the date stated in within the Sub-Contract Order (the "Payment Application Dates"). In the event no Payment Application Dates are included, the due date shall be 45 days from the last day of the month following receipt of a valid application for payment in accordance with clause 16.1 & 16.3 above (the "Due Date"). The Contractor shall issue a payment notice to the Sub-Contractor specifying the sum that the Contractor considers due on the Due Date and the basis on which the sum is calculated no later than 5 days after the Due Date (the "Payment Notice").
- 16.5. The final date for payment by the Contractor shall be 15 days after the Due Date (the "Final Date for Payment").
- 16.6. Not later than 1 days before the Final Date for Payment of any interim or final payment, the Contractor may give a written notice ("Pay Less Notice") to the Sub-Contractor which shall state the Contractor's intention to pay less than the amount set out in the Payment Notice or the Sub-Contractor's payment application (as applicable) and shall specify the sum the Contractor considers to be due on the date the notice is served together with the basis on which that sum is calculated. If the Contractor serves a Pay Less Notice, it shall pay the Sub-Contractor the amount stated in the Pay Less Notice by the Final Date for Payment. If no Pay Less Notice is given, the Contractor shall pay the amount stated in the Payment Notice by the Final Date for Payment.
- 16.7. All interim payments due to the Sub-Contractor shall be subject to retention at a percentage detailed in the Sub-Contract Order, of which, half shall be released in the payment following the issue of the practical completion certificate under the Principal Contract subject to receipt of the Sub-Contractor's corresponding application in accordance with clause 16.3. The remaining balance of the retention shall be released in the payment following

the expiry of the defects liability period under the Principal Contract, or the issue of the making good defects certificate under the Principal Contract, whichever is the later, subject to receipt of the Sub-Contractor's corresponding application in accordance with clause 16.3.

- 16.8. All interim payments and the final payment due to the Sub-Contractor shall be subject to Discount at the rate/value stated, and on the terms set out, in the Sub-Contract Order.
- 16.9. Should the Sub-Contractor become Insolvent, all sums due to the Sub-Contractor shall be withheld, whether interim or otherwise and any further payment shall only be made in accordance with clause 15 of these Sub-Contract Conditions.
- 16.10. Should the Employer or the Principal Contractor under the Principal Contract, or any other person payment by whom is (directly or indirectly) a condition of payment by the Employer or the Principal Contractor, become Insolvent the Contractor shall not be obliged to pay any further sum to the Sub-Contractor save to the extent that the Contractor receives payment in respect thereof from the Principal Contractor (or Employer or other person).
- 16.11. Should the Contractor fail to pay the Sub-Contractor any sum properly due and payable (subject to any Pay Less Notice) by the Final Date for Payment as required by clause 16.4 and such failure shall continue for 14 days after the Sub-Contractor has given to the Contractor written notice of his intention to charge interest on the sum due, the Contractor shall pay to the Sub-Contractor in addition to the amount not properly paid simple interest thereon for the period until such payment is made. The rate of interest shall be two per cent (2%) per annum above the Bank of England base rate current at the date the payment by the Contractor became overdue. The parties agree that the payment of simple interest under this clause 16.11 shall constitute a substantial remedy for the purposes of the Late Payment of Commercial Debts (Interest) Act 1998.
- 16.12. Without prejudice to any other rights and remedies which the Sub-Contractor may possess, if the Contractor shall (subject to any Pay Less Notice) fail to pay the Sub-Contractor any sum properly due and payable by the Final Date for Payment and such failure shall continue for at least 14 days after the Sub-Contractor has given to the Contractor written notice of his intention to suspend the performance of any part or all of his obligation under the Sub-Contract and the grounds on which he intends to suspend performance, the Sub-Contractor may suspend performance of such obligations until such payment occurs. The Sub-Contract must immediately re-commence performance of its obligation on receipt of payment.
- 16.13. No later than 1 month after practical completion of the Sub-Contract Works in accordance with clause 7 the Sub-Contractor shall provide to the Contractor a full set of the Sub-Contractor's records of the account for the Sub-Contract Works and all other documents necessary for the computing the ascertained final Sub-Contract Sum in accordance with this Sub-Contract.
- 16.14. Not later than 11 months after receipt by the Contractor of the documents referred to in clause 16.13 (and, if sooner, no later than the issue of the final certificate under the Principal Contract), the Contractor shall prepare and issue to the Sub-Contractor a statement of the computation of the ascertained final Sub-Contract Sum.
- 16.15. Should the Sub-Contractor not provide the documents referred to in clause 16.13 within the time period stipulated in that clause, the Contractor shall proceed with the computation of the ascertained final Sub-Contract Sum on the basis of all information reasonably available to it 1 month after practical completion of the Sub-Contract Works in accordance with clause 7.
- 16.16. Subject to clause 15, the final payment to the Sub-Contractor shall be the ascertained final Sub-Contract Sum less the total amount previously paid in respect of the Sub-Contract Works. The final payment shall be due 45 days after the issue by the Contractor of notice in writing notifying the Sub-Contractor of the amount of final payment to be made to the Sub-Contractor and the basis on which such amount was calculated. The final date for payment of the final payment shall be 25 days after the date it becomes due in accordance with this clause 16.16.

17. VARIATIONS, EXTRA WORKS, OMISSIONS AND DAYWORKS

- 17.1. The Contractor may by instruction to the Sub-Contractor require variations to the Sub-Contract Works and the Sub-Contractor shall comply with such instruction, in accordance with the terms of this clause 17 and the provisions of this Sub-Contract. The issue of variation instructions by the Contractor shall not in any way prejudice or diminish the Sub-Contractor's obligations under this Sub-Contract, and the terms of the Sub-Contract shall apply to the Sub-Contract Works as varied. It is a condition precedent to the Sub-Contractor's right to payment in respect of a variation that the Sub-Contractor shall notify the Contractor in writing within 4 days of it becoming aware of any work it considers will constitute a change to the Sub-Contract Works, and at the same time shall provide fully substantiated and priced particulars in writing showing any proposed adjustment to the Sub-Contract Sum.

- 17.2. Variations or extra works shall be valued at the rates set out in the Numbered Documents, or otherwise by reference to the basis on which the Sub-Contract Sum is calculated. If the valuation of a variation or extra works is accepted by the Contractor, or otherwise agreed, in writing, the Sub-Contract Sum shall be adjusted commensurately, and the Contractor shall pay the Sub-Contractor the adjusted Sub-Contract Sum in accordance with clause 16.
- 17.3. The Sub-Contractor shall not undertake any variations or extra works without prior written authority of the Contractor, including written confirmation of any adjustment to the Sub-Contract Sum. The Contractor's written confirmation under this clause 17.3 is a condition precedent to any entitlement to additional payment to the Sub-Contractor in respect of any variation or additional work.
- 17.4. Where the Contractor's instruction under clause 17.1 requires the omission of any part or all of the Sub-Contract Works then the Sub-Contract Sum shall be reduced commensurately in line with the valuation rules in clause 17.2 and, notwithstanding any other provision in this Sub-Contract, Contractor shall not be entitled to claim for loss of profit or overheads as a consequence of the omission of any part of the Works.
- 17.5. No daywork will be permitted except with the Contractor's written consent where, in the opinion of the Contractor, it would be unreasonable to value such work at other than by daywork rates and where daywork rates are set out in the Numbered Documents, or otherwise agreed in writing. Where the Sub-Contractor considers he has a claim to daywork, due notice must be given to and approved by the Contractor in writing prior to the Sub-Contractor carrying out such work. In the event of agreement to carry out works under daywork arrangements, fully detailed and signed daywork sheets must be submitted to the Contractor for consideration within 7 days after completion of the described works. Payments against daywork sheets submitted outside the 7-day period will be made at the sole discretion of the Contractor.

18. DIRECT LOSS AND/OR EXPENSE

- 18.1. If the Sub-Contractor incurs any direct loss and/or expense as a consequence of the regular progress of the Sub-Contract Works being materially affected by an act, omission or default of the Contractor his servants or agent or his sub-contractors, their servants or agents (other than the Sub-Contractor, his servants or agents) or any act, omission or default of the Principal Contractor, his servants or agent or his sub-contractors, their servants or agents, or is materially affected by any one or more of the relevant matters under the Principal Contract then, subject to clause 18.2, the Sub-Contractor shall be entitled to reimbursement of reasonable and properly incurred direct loss and/or expense, provided it has used all reasonable endeavours to mitigate such loss and/or expense.
- 18.2. It is a condition precedent to the Sub-Contractor having any entitlement to additional payment for loss and/or expense that it shall within 1 week of such material effect becoming apparent or (if shorter) the time period under the Principal Contract for the Contractor to make such claim less one day make written application to the Contractor:
- 18.2.1. as soon as it has become, or should reasonably have become, apparent to him that the regular progress of the Sub-Contract Works or any part thereof has been or is likely to be affected as aforesaid; and
 - 18.2.2. submitting to the Contractor such information in support of his application as is reasonably necessary to show what the regular progress of the Sub-Contract Works or of any part thereof has been or is likely to be affected as aforesaid; and
 - 18.2.3. submitting to the Contractor details of direct loss and/or expense the Sub-Contractor considers it has incurred as a consequence of a matter described in clause 18.1, and such further information as the Contractor requests in order reasonably to substantiate that the direct loss and/or expense as aforesaid and demonstrate it has been reasonably and properly incurred and mitigated.
- 18.3. It shall be a condition precedent to any entitlement to recover direct loss and/or expense that the Sub-Contractor complies in full and with all elements of Clauses 18.1 and 18.2.
- 18.4. For the avoidance of doubt, where any loss and/or expense arises in connection with a variation or additional work for which the Sub-Contract Sum is adjusted (by way of lump sum valuation or the application of day rates) in accordance with clause 17, that adjustment shall be deemed to include all associated costs and the Sub-Contractor shall have no separate or further entitlement under this clause 18.

- 18.5. If, and to the extent that, it is necessary for the agreement of any direct loss and/or expense applied for under clause 18.0, the Contractor shall state in writing to the Sub-Contractor what extension of time, if any, has been made under clause 6 in respect of the relevant events entitling the Contractor to an extension of time under the Principal Contract.

19. COPYRIGHT

- 19.1. The Sub-Contractor owns all intellectual property rights (including copyright) relating to the Material that it produces. The Sub-Contractor grants to the Contractor, with immediate effect, a non-exclusive, irrevocable, non-terminable, royalty-free licence to copy and make full use of the Material for any purpose relating to the Project and the site, including (but not limited to) the construction, completion, maintenance, letting, sale, promotion, advertisement, reinstatement and repair of the Project, but not to reproduce the designs contained in the Material in any extension. The licence carries the right to grant sub-licences and is transferable to third parties without the Sub-Contractor's consent.
- 19.2. The Sub-Contractor shall not be liable for any use of the Material for any purpose other than that for which it was prepared and provided by or on behalf of the Consultant.
- 19.3. Where the copyright in any of the Material is not vested in the Sub-Contractor, the Sub-Contractor shall procure that the person in whom the copyright is vested grants to the Contractor a licence similar to that granted under this clause 19 (or the Sub-Contractor shall itself grant a sub-licence having the same effect, if it has the right to do so) in relation to all such Material.
- 19.4. The Contractor may at any time (whether before or after completion of the Sub-Contract or termination of the Sub-Contractor's engagement under this Sub-Contract) request a copy or copies of (some or all of) the Material from the Sub-Contract. The Sub-Contract will provide such copy or copies of the Material without charge to the Contractor.
- 19.5. The Sub-Contractor waives any moral right which it may have under Chapter IV of the Copyright Designs and Patents Act 1988 as the author of the Material. Where the Sub-Contractor is not the author, the Sub-Contractor shall use its best endeavours to obtain for the Contractor a corresponding waiver from the author.
- 19.6. The Sub-Contractor shall indemnify the Contractor from and against all claims, proceedings, damages, costs and expenses suffered or incurred by the Contractor arising out of or in connection with the infringement or alleged infringement of any copyrights, design rights, registered design, patent or other intellectual property rights of third parties by the Sub-Contractor in the course of or in connection with this Sub-Contract.

20. EXPORT CONTROL AND CUSTOMS

- 20.1. The Sub-Contractor shall inform us in its business documents, or by other means of communication as specified by us, about any applicable requirements or restrictions for the (re-) export of the items (goods, software and technology) under applicable export control and customs regulations, as well as under the export control and customs regulations of the country of origin of the items.

The Sub-Contractor shall send the following information on items subject to (re-) export license requirements or restrictions to ExportControl@protec.co.uk in no less than ten (10) working days prior to the first delivery:

- Material number,

- All applicable export list numbers including the Export Control Classification Number pursuant to the U.S. Commerce Control List (ECCN),

The Sub-Contractor warrants that this information is complete and accurate and shall inform the Contractor without delay in case of any changes of export license requirements or export list numbers, including ECCN, for its items due to amendments of technical parameters, amendments of export control or customs laws or official directives. The Sub-Contractor shall provide the ECCN (including EAR99) to the Contractor for all items subject to U.S. export controls.

- 20.2. The Sub-Contractor is obliged to implement supply chain security measures in accordance with the WCO SAFE Framework and, where applicable, support us in obtaining and maintaining Authorized Economic Operator (AEO) status. The Sub-Contractor shall provide appropriate evidence, e.g. authorizations or declarations such as security declarations, declarations within the scope of C-TPAT or similar programs. We or our nominated representative shall have the right, upon reasonable prior notice and during normal business hours, to verify such documentation at the Sub-Contractor's premises.
- 20.3. The Sub-Contractor hereby confirms that the goods supplied by the Sub-Contractor do not originate in Russia or (as applicable) do not incorporate inputs originating in Russia which are listed in Annex XVII stipulated in Article 3g paragraph 1. d) of the Council Regulation (EU) 833/2014, in Art. 14a paragraph 2 of Swiss regulation 946.231.176.72; in UK Regulation 46IA and 46IB, and Schedule 3B) of The Russia (Sanctions) (EU Exit) Regulations 2019; in the Norwegian directive and Section 17e. - 20.4. For all deliveries crossing customs borders, the Sub-Contractor shall provide complete and accurate documentation including, but not limited to, a commercial invoice and delivery note, together with all information necessary for a correct and timely import customs declaration. Any delay, penalty, or cost arising from non-compliance shall be borne by the Sub-Contractor.
- 20.5. Unless otherwise agreed in writing, any cross-border transfer of software, technology, or digital data (e.g. cartographic data) shall occur solely by secure electronic means (e.g., encrypted email or secure download). This does not apply to "embedded software", defined as software that is physically and permanently integrated into hardware components.
- 20.6. Without prejudice to any other rights, we shall have the right to suspend performance or terminate the contract without notice and without liability in the event that the Sub-Contractor fails to comply with any of its obligations under clauses 20.1–20.5 on more than two occasions, or materially breaches such obligations in a way that endangers our compliance with export control laws.
- 20.7. The Sub-Contractor warrants that it is not, and shall not become, a party listed on any government-issued restricted or denied party list, including but not limited to the U.S. Treasury Department's Specially Designated Nationals (SDN) List, the EU Consolidated Financial Sanctions List, or the UK Consolidated List. The Sub-Contractor further warrants that it shall not transfer any item subject to this contract to any restricted end-user, end-use, or destination in violation of applicable sanctions or embargoes.
- 20.8. The Sub-Contractor shall indemnify and hold harmless the Contractor from and against any and all claims, damages, penalties, fines, or costs (including legal fees) arising out of or related to any breach of its obligations under this Clause 20, including inaccurate export control classification, documentation errors, or violation of sanctions or export laws.

21. COMPLIANCE, SOCIAL RESPONSIBILITY AND SUSTAINABILITY

- 21.1. In its trade dealings with us, the Sub-Contractor undertakes not to offer or give, or request or accept, any incentive in breach of applicable anti-corruption legislation, neither in its business affairs nor when dealing with public officials.
- 21.2. In its trade dealings with us, the Sub-Contractor undertakes not to make any agreements with other undertakings or to participate in concerted practices which have as their object or effect the prevention, restriction or distortion of competition under applicable antitrust regulations.
- 21.3. The Sub-Contractor guarantees payment of fair wages and equal remuneration for work of equal value without distinction of any kind, and to comply with the applicable laws governing the general minimum wage; the Sub-Contractor shall commit its sub-suppliers accordingly. On request, the Sub-Contractor shall prove compliance with the foregoing guarantee. In the event of a breach of the foregoing guarantee to comply with the applicable laws governing the general minimum wage, the Sub-Contractor shall indemnify us and hold us harmless from all third party claims and is obliged to reimburse any fines imposed on us in this context.

- 21.4. The Sub-Contractor shall comply with the applicable statutory provisions and regulations governing the environmental protection, health and safety at work, treatment of employees and the protection of human rights. Further, the Sub-Contractor shall observe the requirements of the Code of Conduct for Business Partners (see under <https://www.protec.co.uk/wp-content/uploads/2023/02/Code-of-Conduct-for-Business-Partners.pdf>) and the Principles of the Global Compact initiative of the United Nations (www.unglobalcompact.org) and procure for its sub-suppliers to act in accordance with the same. These essentially concern the protection of universal human rights, elimination of forced labour and abolition of child labour, elimination of discrimination in respect of employment and occupation, and environmental responsibility.
- 21.5. The Sub-Contractor shall respond to inquiries to compliance, social responsibility and sustainability in the supply chain within reasonable time and in line with stipulated formalities. In the event of a suspected violation of the obligations under clauses 21.1 to 21.4, the Sub-Contractor shall promptly investigate any potential violations and inform us of investigative measures undertaken, and, where warranted, notify us of the affected suppliers. If the suspicion proves to be warranted, the Sub-Contractor must inform us within a reasonable period of time of the measures undertaken internally within its organization in order to prevent future violations. If the Sub-Contractor fails to comply with these obligations within a reasonable period of time, we reserve the right to rescind from contracts with the Sub-Contractor or terminate them with immediate effect.
- 21.6. In the event of severe violations of the law by the Sub-Contractor and in the event of violations of clauses 21.1 to 21.4, we reserve the right to rescind from existing contracts or terminate them without notice.

22. HOLIDAYS

- 22.1. Unless otherwise agreed in writing the Sub-Contractor must observe the particular site holiday arrangements and/or standard statutory or national holidays. The Sub-Contractor is therefore deemed to have included within the Sub-Contract price due allowance for any additional costs due to the phasing of the works to comply with recognised holiday periods.

23. RUBBISH/EXCESS MATERIALS

- 23.1. The Sub-Contractor shall be responsible for the removal of all rubbish and/or surplus materials and plant from site. If, following reasonable notice, the Sub-Contractor fails to comply with the Contractor's instruction to remove rubbish and/or surplus materials, arrangements may be made to remove such items on behalf of the Sub-Contractor and to deduct payment to a value of at least the cost of doing so from any monies otherwise owing to the Sub-Contractor or recover such value as a debt from the Sub-Contractor.
